California Government Code §84308, commonly referred to as the "Levine Act," prohibits an elected official of a local government agency from participating in a proceeding involving a license, permit, or other entitlement for use if the official received a campaign contribution exceeding \$500 from a party or participant, including their agents, to the proceeding within the last 12 months. A "license, permit, or other entitlement for use" includes most land use and planning approvals and the approval of contracts that are not subject to lowest responsible bid procedures and have a value over \$50,000. A "party" is a person who files an application for, or is the subject of, a proceeding involving a license, permit, or other entitlement for use. A "participant" is a person who actively supports or opposes a particular decision in a proceeding involving a license, permit, or other entitlement for use, and has a financial interest in the decision. The Levine Act incorporates the definition of "financial interest" in the Political Reform Act, which encompasses interests in business entities, real property, sources of income, sources of gifts, and personal finances that may be affected by the Council's actions. If you qualify as a "party" or "participant" to a proceeding, and you have made a campaign contribution to a Council Member exceeding \$500 made within the last 12 months, you must disclose the campaign contribution before making your comments.
