TOWN HALL FORUM  
Osprey Community Centre

A Town Hall Forum is an informal public open house that is open to residents to speak to Council on a variety of topics. Please note that Council cannot make decisions or debate at these meetings and no formal minutes are kept. These meetings are specifically provided as an opportunity for Council to listen to the residents on items of concern to them.

Objective: Grey Highlands values citizens' views and opinions and the Town Hall Forum is an opportunity that seeks and shares information and invites public input into the municipal government process. This will help the Municipality to better understand the needs and priorities of the community.

**Respect for yourself; Respect for others; and Responsibility for your actions.**

The Municipality is committed to providing a respectful public engagement environment that will enable all participants to express their opinions on topics freely. In the event that members of the public are not being respectful, they may be required or requested to remove themselves from the public engagement process. This measure may be implemented by the person responsible for leading the public engagement process.
